# Brand Overviews

TENA® provides a full range of absorbent products tailored to the distinct needs of men and women, including pantliners, daytime and overnight pads, male guards, protective underwear, briefs, skin care products, and underpads. TENA® products feature innovative technologies, such as ConfioAir™ Breathable Technology, InstaDri Skin-Caring System®, and Advanced Odour Protection, to ensure protection, comfort and discretion for wearers while minimizing the impact of incontinence.

Starting with its founder, Conrad Jobst, who suffered from venous disease, JOBST® has always had the strongest commitment to improving the quality of life for those with venous disease or swelling related conditions. JOBST® uplifts people's lives and empowers them to confidently live the life they want, without compromise — despite their vascular condition.

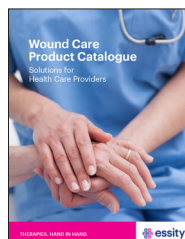

Leukoplast® represents over 100 years' experience of clinical practice. Launched in 1901 and the world's first zinc oxide rubber plaster, Leukoplast® has been committed to serving the needs of hospitals and clinicians for over a century and has become one of the world's most trusted brands for professional healthcare, being well-known for its leading quality. Today, Leukoplast® is transferring this wealth of knowledge and experience into first aid and wound care solutions for consumers to self-treat their healthcare needs at home.

The better we heal, the better we feel. Effective wound healing not only rebuilds our bodies but also helps us to reenter our lives. That's why Cutimed® is dedicated to empowering professionals with the tools and confidence that they need to help their patients heal quickly and effectively for the best possible patient outcome. With intelligent wound management solutions and the perfect balance of advanced technology, user-friendly concepts and agreeable total therapy costs, Cutimed® is empowering to heal.

Actimove® offers a broad portfolio of medically engineered braces & supports, designed for easy self-selection. Addressing the individual needs of your varied patients, we have developed five new ranges of high-quality orthopedic products designed for functionality, comfort, and help to relieve pain, with special features such as COOLMAX® AIR\*: Actimove® Sports Edition, Actimove® Everyday Supports, Actimove® Arthritis Care, Actimove® Professional and Actimove® Kids give patients the confidence to overcome physical limitations and pain-related issues to continue taking on their daily life challenges.

\*COOLMAX® AIR is a trademark of The LYCRA company.
